

Weather Report

22-09-2022

Thursday

At this time of the year the country will experience rapid changes in the weather as the transition season is around the corner. Cells of lows separated from the Indian Monsoon Low Pressure System will lead to light to moderate freshening at times southeasterly wind with humid weather over the coastal areas. By the end of Friday, fresh northwesterly wind will prevail causing rising dust over open and desert areas.

Thursday by the day:

- Hot and relatively humid especially over the coastal areas with light to moderate freshening at times southeasterly wind with speed of (10-40 km/h). Some scattered clouds will appear accompanied by a slight chance for light rain that might be thundery at times over some areas.
- Maximum temperature: (41-43°C)
- Sea state: slight to moderate. Wave height: (2-5 ft.)

By night:

- Rather hot and relatively humid especially over coastal areas with light to moderate southeasterly wind with speed of (10-38 km/h). Some scattered clouds will appear with a chance for light drizzle and fog over some areas.
- Minimum temperature: (25-27°C)
- Sea state: slight to moderate. Wave height: (2-5 ft.)

Friday by the day:

- Hot and relatively humid especially over coastal areas with light to moderate southeasterly wind with speed of (12-35 km/h). Some scattered clouds will appear with a chance for drizzle.
- Maximum temperature: (41-43°C)
- Sea state: slight to moderate. Wave height: (2-4 ft.)

By night:

- Rather hot and relatively humid over coastal areas with light to moderate southeasterly wind shifting to northwesterly wind, freshening over coastal areas with speed of (12-42 km/h).
- Minimum temperature: (25-27°C)
- Sea state: moderate to rough. Wave height: (3-6 ft.)

Saturday by the day:

- Hot with light to moderate northwesterly wind, freshening at times with speed of (15-40 km/h) and a chance for dust over open areas.
- Maximum temperature: (40-42°C)
- Sea state: slight to moderate, rough at times. Wave height: (2-6 ft.)

By night:

- Rather hot with light to moderate northwesterly wind, freshening over coastal areas with speed of (15-45 km/h).
- Minimum temperature: (26-28°C)
- Sea state: moderate to rough. Wave height: (3-6 ft.)
